SPECIAL LIST

SHADE TREES

TO THE TRADE:

We are pleased to offer herein a selected list of fine young shade trees featured for early Spring sales. All trees have been at least twice transplanted and expertly pruned to a single straight stem and leader. We invite your inspection and solicit your patronage.

When you have compared our prices and seen the quality of stock we offer, we feel sure you will be pleased.

Norway Maple

$2\frac{1}{2}$ in. cal. and $1\frac{3}{4}$ in. cal.

These are exceptionally straight trees, properly pruned to a single leader and are ideal for avenue planting or for setting out and growing into larger specimens. Note the heavy root development.

ACER PLATANOIDES 100 rate

10 to 12 ft.	$1\frac{1}{2}$ to $1\frac{3}{4}$ in.	\$1.40
